1. The Village Square

Here is where the exhibition starts.

The exhibition is called:

Fairy Tales are True... Italian Folk History.

In this space there are no objects to look at,
but you can sit on some chairs.

The chairs are all different.

You can choose the one you like best.

Here you can sit and listen to the beginning of a folktale.

Then you can read the whole folktale in a notebook
that you will find on the table.

This space is called a **square**,
because here **you can meet many people**,
just like in a real village square.

In this square, there can be events
like readings, book presentations,
dances, plays and much more.

You can come back to the museum
just to stay in this space
and watch these events.

You can come back with whoever you like!
