10. The Magical World

In this part of the exhibition
you can see objects that tell us about magic.

Long ago, people believed a lot in magic
and used objects as lucky charms.

In the past, magic was also connected to dance and music.

Here you can see a tambourine you can touch.
What do you think it is made of?

**If you want to play the tambourine,
you can tap your hand on the white part
and listen to the sound.**
