3. The Forests

In this part of the exhibition you can see objects that tell us what a forest is like.

Long ago, people went to the forest to:

- collect wood to make fire and keep warm
- pick fruits
- go hunting

People also believed that in the forest they could meet fairies and gnomes.

**Long ago, people respected nature.
Even today, we should respect nature.**

Have you ever been to a forest?

If you go to a forest, you can look at the trees,
smell the scents,
hear the birds singing,
and listen to the leaves moving.

If you go into the forest, look at the tall trees,
smell the fragrances and listen to the birds singing
and the sound of the leaves.

In this part of the exhibition
there is a wooden bucket.

**You can touch the bucket
and smell the wood!**
